STATEMENT UNDER 37 C.F.R. § 1.133(b)

Sir:

In response to the telephonic interview conducted on July 28, 2009 and the Interview Summary dated July 31, 2009, the following remarks are respectfully submitted in connection with the above-identified application.

Interview Summary

Applicants appreciate the Examiner's time and consideration given at the interview of July 28, 2009. During the interview, claim 1 and Hirayama et al. were discussed. The Examiner stated that he still considered the last paragraph of claim 1 to read on the cited

reference because the claim does not specify what will happen after “the current angle is maintained until a position at which exit of the current angle is permitted.” The Examiner and the Applicant’s representative discussed proposed claim amendments that distinguish over the cited references including the addition of language that clarifies that an angle change occurs at a future time without additional user intervention. At that time, no agreement was reached, but the Examiner did agree to reconsider the concurrent rejections in view of the arguments and proposed amendments before issuing any further official action.

CONCLUSION

Should there be any outstanding matters that need to be resolved in the present application; the Examiner is respectfully requested to contact the undersigned at the telephone number of the undersigned below.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 08-0750 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17; particularly, extension of time fees.

Respectfully submitted,

HARNESS, DICKEY, & PIERCE, P.L.C.
